
Index to Volume XXXV

SUBJECTS (reviews are listed separately starting on page 1003.)

ADOLESCENTS

Adolescents in state hospitals: expensive expediency, 825.

Impact of public welfare practice on family attitudes with special reference to delinquent children, 609.

Promiscuity in adolescence, 670.

AMERICAN ORTHOPSYCHIATRIC ASSOCIATION

Business Meeting, 988.

President, 1965-1966 Robert L. Stubblefield, M.D., 635.

BOOKS RECEIVED, 962.

CHILDREN

Are we seeing the right patients? Child guidance intake: The sacred cow, 131.

Child's "Inalienable" right to psychological disorder, 638.

Children's reactions to societal crisis. Cold war crisis, 124.

Comparison of psychopathology: Israeli children from Kibbutz and from urban surroundings, 509.

Contribution of social environment to development of premature children, 57.

Effects of emotional disturbance in childhood on intelligence, 906.

Effeminate Homosexuality: A disease of childhood, 48.

Evolution of adaptive and motor behavior during rehabilitation from kwashiorkor, 447.

Impact of public welfare practice on family attitudes with special reference to delinquent children, 609.

Intermediary group treatment of inaccessible children, 739.

Later adjustment of children following separation from family and culture, 604.

Methodological issues in studying-mother-infant interaction, 482.

Parent-nurse therapeutic contact on a child psychiatry unit, 589.

"Pseudoneurosis" in the neurologically handicapped child, 733.

Psychiatric diagnostic interview with children, 764.

Role of social class in language development and cognition, 78.

Role of ITPA in differential diagnosis and program, 465.

Problems of confidentiality in child psychiatry, 787.

Review of programs of compensatory education, 640.

Social class and mental illness in children: observations of blue-collar families, 500.

Social group work: A diagnostic tool in child guidance, 581.

Some conceptual issues in study of mother-infant interactions, 473.

Summary of research on reactions of children to nuclear war, 120.

Teaching speech to an autistic child through operant conditioning, 927.

Therapeutically oriented tutoring of children with primary neurotic learning inhibitions, 521.

Use of vineland maturity scale for evaluating progress of psychotic children in a therapeutic nursery school, 152.

CIVIL RIGHTS

American youth in a social struggle: The Mississippi summer project, 909.

Civil rights in medicine, 26.

Special reports on Selma, 972.

CIVIL RIGHTS

American youth in a social struggle: The Mississippi summer project, 909.

Civil rights in medicine, 26.

Special reports on Selma, 972.

COLUMNS

- Mental health highlights, 813, 981.
- Notes and comments, 180, 626, 817.

COMMUNITY MENTAL HEALTH

- A program, sponsored by a labor union for treatment and prevention of psychiatric conditions, 594.
- Current patterns of health care: mental health services in collective bargaining and prepaid groups practice, 707.
- Involving a labor union in rehabilitation of mentally ill, 598.
- Labor and management: new rolls in mental health, 558.
- Maladaptive interaction between Bureau of Indian Affairs staff and Indian clients, 723.
- New Directions in community mental health programs, 10.
- Psychiatric manpower and community mental health: A survey of psychiatric residents, 695.
- Social change and organization of mental health care, 717.

DIAGNOSIS

- Interview method for assessing alcoholism, 564.
- Psychiatric diagnostic interview with children, 764.
- Role of ITPA in differential diagnosis and program planning for mentally retarded, 465.
- Social class, diagnosis and treatment, 99.
- Social group: A diagnostic tool in child guidance, 581.
- Who is sick?, 138.

DRUG ADDICTION

- Follow-up studies on previously hospitalized narcotic addicts, 601.

EDITORIALS

- Adolescents in state hospitals: Expensive expediency, 825.
- Child's "inalienable right" to psychological disorder, 638.
- Help for the disadvantaged?, 445.

EDUCATION

- Review of programs of compensatory education, 640.
- Role of social class in language development and cognition, 708.
- Sexual morality and dilemma of colleges, 676.
- Therapeutically oriented tutoring of chil-

dren with primary neurotic learning inhibitions, 521.

FAMILIES

- Impact of public welfare practice on family attitudes with special reference to delinquent children, 609.
- Marriage roles, child development and family treatment, 531.
- Methodological issues in studying mother-infant interactions, 482.
- Some conceptual issues in study of mother-infant interactions, 473.

FILMS

- The Hutterites, 811.
- Television and social issues, 967.

FOLLOW-UP STUDIES

- Community follow-up of treatment of schizophrenic issues and problems, 754.
- Five-year follow-up study of psychiatric patients, 573.
- Follow-up studies on previously hospitalized narcotic addicts, 601.

IN MEMORIAM

- Dr. Norvelle Chappell La Mar, 1877-1964, 614.

INSTITUTIONAL AND CLINIC PROGRAMS

- Are we seeing the right patients? child guidance intake: the sacred cow, 131.
- Contribution to overcoming problem of waiting lists, 772.
- Day treatment center and school: seven years experience, 160.
- Parent-nurse therapeutic contact on a child psychiatry unit, 589.
- "Shoestring" day hospital, 729.

INTELLIGENCE QUOTIENT

- Childhood intellectual differences between schizophrenic adults and siblings, 747.
- Effects of emotional disturbance in childhood on intelligence, 906.

LETTERS TO THE EDITOR

- Continuing Dialogue, 995.
- Which direction mental health, 629.

MENTAL RETARDATION

- Acquisition of operant differentiation and discrimination in institutionalized retarded children, 862.
- Children, mental retardation and planning, 899.
- Early identification of mildly retarded children, 845.

- Effects of emotional disturbance on childhood intelligence, 906.
- Evolution of adaptive and motor behavior during rehabilitation from kwashiorkor, 449.
- Mental retardation: some legal and moral considerations, 836.
- Prevention of mental retardation, 886.
- Psychiatric aspects of mental retardation in children under eight, 852.
- Role of ITPA in differential diagnosis and program planning for mentally retarded, 465.
- Shared responsibility of mentally retarded—One approach to prevention of institutionalism, 903.
- Some aspects of mental retardation, 830.
- Some basic considerations in revamping institutional programs for mentally retarded, 896.
- Volunteers in Retardation, 493
- PROFESSIONS, MENTAL HEALTH**
- Impact of social change on tasks of mental health professions, 41.
- Professional man's muzzle, 38.
- Psychiatric manpower and community mental health: A survey of psychiatric residents, 695.
- PUBLIC WELFARE**
- Impact of public welfare practice on families with special reference to delinquent children, 609.
- PSYCHIATRY**
- Behavior therapy, psychology and the psychiatrist, 145.
- Parent-nurse therapeutic contact on a child psychiatry unit, 589.
- Preparing the psychiatrist for leadership in changing society, 795.
- Problems of confidentiality in child psychiatry, 787.
- Psychiatric manpower and community mental health, 695.
- Psychiatric aspects of mental retardation in children under eight, 852.
- Trends in medical care and future of psychiatry, 18.
- PSYCHOLOGY**
- Behavior therapy, psychology and the psychiatrist, 145.
- Notes from the field: Testing Eskimos in Alaska, 799.
- PSYCHOTHERAPY**
- Group psychotherapy of psychotics, 688.
- Intermediary group treatment of inaccessible children, 739.
- Observations from psychotherapy with unwed mothers, 779.
- Some situational factors associated with response to psychotherapy, 682.
- "Transmitting" and "receiving" in psychotherapy and supervision, 937.
- RESEARCH (Psychological, Psychiatric and Social)**
- Acquisition of operant differentiation and discrimination in institutionalized retarded children, 862.
- Childhood intellectual differences between schizophrenic adults and siblings, 747.
- Commitment to peace work: A preliminary study of determinants and sustainers of behavior change, 106.
- Contribution of social environment to development of premature children, 57.
- Effects of emotional disturbance in childhood on intelligence, 906.
- Effects of impulsivity on performance of verbal tasks in middle- and lower-class children, 906.
- Evolution of adaptive and motor behavior during rehabilitation from kwashiorkor, 449.
- Later adjustment of children following radical separation from family and culture, 604.
- Methodological issues in studying mother-infant interactions, 482.
- Role of social class in language development and cognition, 78.
- Social interaction of college students and chronically ill patients, 487.
- Study and treatment of an acute emotional disorder, 69.
- Summary of research on reactions of children to nuclear war, 120.
- Teaching speech to an autistic child through operant conditioning, 927.
- "Transmitting" and "receiving" in psychotherapy and supervision, 937.
- Use of social research to improve social practice, 663.

SCHIZOPHRENIA

- Are we treating all schizophrenics, 793.
- Childhood intellectual differences between schizophrenic adults and their siblings, 747.
- Community follow-up of treatment of schizophrenia, 754.
- Experimental study in prevention of schizophrenia, 1.

SCHOOL PHOBIA

- Therapeutically oriented tutoring of children with primary neurotic learning inhibitions, 521.

SOCIAL WORK

- Social group work: A diagnostic tool in child guidance, 581.

SOCIOECONOMIC DEPRIVATION

- Comparison of child-rearing environment of upper-lower and very low lower-class families, 89.
- Contribution of social environment to development of premature children, 57.

- Help for the disadvantaged?, 445.

- Impact of public welfare practice on family attitudes with special reference to delinquent children, 609.

- Review of programs of compensatory education, 640.

- Role of social class in language development and cognition, 78.

- Social class and mental illness in children: observations of blue-collar families, 500.

- Social class, diagnosis and treatment, 99.

SEX

- Promiscuity in adolescence, 670.

- Sexual morality and dilemma of colleges, 676.

SOCIAL CHANGE

- Children's reactions to societal crises: cold war crisis, 124.

- Communication and community readiness for social change, 539.

- Impact of social change on tasks of mental health professions, 41.

- New policies and service models: The next phase, 652.

- Preparing the psychiatrist for leadership in a changing society, 795.

- Professional man's muzz', 38.

- Social change and organization of mental health care, 717.

- Social system factors as determinants of resistance to change, 544.

- Use of social research to improve social practice, 663.

SOCIAL CLASS

- Comparison of child-rearing environment of upper-lower and very low lower-class families, 89.

- Role of social class in language development and cognition, 78.

- Social class, diagnosis and treatment, 99.

- Social class and mental illness in children: observations of blue-collar families, 500.

SPEECH

- Role of social class in language development and cognition, 78.

- Teaching speech to an autistic child through operant conditioning, 927.

TRAINING IN MENTAL HEALTH

- Preparing the psychiatrist for leadership in a changing society, 795.

- Psychiatric manpower and community mental health, 695.

VOLUNTEERS

- Training of volunteers in field of mental retardation, 493.
